

FALL 2026 DOTS 'N' TOTS EVENTS CALENDAR

Sensory Play with Toys and Tots: Discover simple, engaging ways to create sensory-rich learning and play experiences at home for young children who are blind or low vision. During this virtual webinar, participants will explore tactile sensory bins, sound-based cause-and-effect activities, and vision-friendly adaptations that incorporate light, contrast, and movement. We'll also demonstrate how to use story boxes and object cues to support communication and early literacy, while sharing creative DIY sensory toy ideas that families can make using everyday household materials. **Webinar: Thursday, Sept. 3rd @ 10 - 11am**

Early Literacy: Books, Braille and your Baby: Learn how to foster early literacy skills through touch, listening, and meaningful interactions at home. In this virtual webinar, participants will explore braille books, story boxes, and tactile storytelling techniques that help young children who are blind or low vision engage with books and language. We'll also demonstrate practical strategies for interactive read-alouds, narration, and parent-guided activities that support communication, comprehension, and a lifelong love of reading. **Webinar: Thursday, Oct. 1st @ 10 - 11am**

Orientation and Mobility for Tiny Travelers: Support your child's confidence and independence through movement and exploration. In this online training, families will learn practical, easy-to-implement strategies that promote safe, purposeful, and independent movement for infants and toddlers who are blind or low vision. Participants will gain an introduction to orientation and mobility concepts for young children, discover ways to incorporate movement and spatial awareness skills into everyday play and routines, and learn how orientation and mobility instruction evolves as children grow and develop. **Webinar: Thursday, Nov. 19th @ 10 - 11am**
